# GENERAL PURPOSE FOAM SEALANT TECHNICAL DATA SHEET

## PRODUCT DESCRIPTION

F4P's General Purpose Expanding Foam is a ready-to-use polyurethane straw dispensed foam formulated for filling, insulating and sealing gaps, cracks, and openings in the interior and exterior of buildings. The multi-purpose formula creates a durable, airtight and waterproof seal that stops air infiltration, provides high insulation value and saves time and energy. It has excellent adhesion to most building surfaces including wood, glass, metal, masonry, and plastic.

## FEATURES

- Economically insulates, fills, seals and bonds
- Durable airtight seal – stops air infiltration, drafts, and energy loss
- High Insulating value – saves energy and money
- Bonds to and seals most popular construction materials, wood, concrete, plaster, plumbing, etc.
- Spray foam is quick and convenient vs. traditional caulk
- Excellent for interior and exterior applications
- Straw included

## APPLICATIONS

- Filling and sealing interior gaps and exterior gaps, cracks, and openings - especially irregularly shaped and large voids
- Interior and exterior applications including basements, plumbing, electrical, heating and cooling penetrations
- Exhaust vents, water faucets, plumbing fixtures
- Underneath exposed siding along foundations

## LIMITATIONS

- Does not adhere well to polyethylene, polytetrafluoroethylene (PTFE/Teflon™), silicone, and surfaces contaminated with oils and greases or with added mold release agents and similar materials.
- Not for use in hourly fire-rated assemblies.
- Cured foam will discolor if exposed to ultraviolet light
